SUMMARY

AWS Certified operations specialist who builds tools to make life easier. Pushing into more technical work with AI and cloud projects. Targeting technical support, GTM engineering, operations, and similar roles.

PROJECTS

Orca - [\[GitHub Repo\]](#)

- Built an agent orchestration tool that turns a coding goal into checkable steps before sending work to agents
- Routes implementation and review with context between agents like Claude Code and Codex
- Stores patches, test logs, and gate results so agent work can be resumed or rejected based on proof

Narrative Intelligence Engine - [\[GitHub Repo\]](#)

- Built a stock research engine that turns market news into ranked narratives tied to companies/sectors
- 11 stage pipeline measures narratives on 15 signals, source polarization & velocity have best price correlation
- Validates signal quality with 7 automated backtests; requires 3/4 tests to pass before treating signals as useful

AWS Docs RAG Chatbot - [\[Live Demo\]](#) [\[GitHub Repo\]](#)

- Built a serverless RAG assistant that answers AWS related questions with cited sources
- Scraped 5 AWS services, embedded docs with Amazon Titan v2 then indexed vectors into Pinecone
- Deployed on AWS Lambda with a CloudFront live frontend; used it to study for AWS CLF-C02 exam

EXPERIENCE

Operations Specialist (CSR), Southwest Self Storage, Redlands, CA Nov 2024 – present

- Eliminated ~60 monthly AMEX and Discover autopay failures by tracing them to misconfigured AVS settings
- Cut auction mail certification processing time by ~90% with an automated workflow using file conversion and AI-assisted parsing; wrote the companywide process document
- Brought average monthly past due balances down 13% after configuring automatic SMS to overdue accounts
- Own daily and monthly financial reporting in Sitelink ERP; monitor AP for errors before payment
- Manage customer operations for 500 tenants, handling inquiries and account issues through to resolution
- Perform weekly competitive pricing analysis and adjust promotions while maintaining KPIs

Operations Volunteer, Null404, Remote May 2026 – present

- Lead sponsor outreach for a cybersecurity research group, secured 2 gear sponsorships
- Designed the Null404 sponsorship package; assist in development of CTF challenges

Intern, The Advance Group, Remote May 2023 – Aug 2023

- Analyzed voter records across NYC districts to identify demographic patterns and developed targeted policy recommendations for a councilmember
- Vetted ~100 NYC organizations across industries and wrote partnership proposals to shape outreach decisions

SKILLS

Cloud: AWS (Bedrock, Lambda, S3, CloudFront, API Gateway, IAM, CloudWatch, CLI)

Languages/Frameworks/ML: Python, FastAPI, REST APIs, SQL, CI/CD, RAG, Pinecone, FAISS, HDBSCAN, MinHash

Tools: AI agents (Claude Code, Codex), Notion, Vercel, Supabase, GitHub, Linux, Docker, PowerShell, SiteLink ERP

Ops: Customer & tech support, client outreach, financial reporting, AP, competitive analysis, marketing materials

EDUCATION

California State University, Long Beach Aug 2019 – Dec 2023

- BA in International Studies

AWS Certified Cloud Practitioner (CLF-C02) - [\[Verify\]](#)

Issued Apr 2026
