Experience

Operations Support Specialist - CSR, Southwest Self Storage, Redlands, CA Nov 2024 – present

- Automated the verification of mail certification files used in auctions, reducing processing time by 95% and eliminating manual errors; documented workflow for company
- Diagnosed and fixed recurring AVS configuration issue causing 15+ monthly autopay failures for American Express; prevented revenue loss and unhappy customers
- Provide billing, account, and platform support for 500+ customers using Sitelink ERP, resolving XPS tickets
- Review daily operational and financial reports to identify discrepancies and ensure operations run smoothly

Intern, The Advance Group, Remote May 2023 – Aug 2023

- Analyzed 50K+ voter records across NYC districts; identified demographic patterns and developed 5 targeted policy recommendations
- Researched 100+ organizations across industries and synthesized findings into partnership opportunity briefs

Projects

AWS Documentation RAG Chatbot - https://d3d0zch3u8ca61.cloudfront.net/

- Built a serverless Retrieval-Augmented Generation (RAG) system that answers AWS questions by retrieving relevant documentation with source citations
- Developed Python pipeline to scrape and preprocess 100's of AWS docs, generate vector embeddings (Amazon Titan v2), and index in Pinecone for semantic search
- Implemented Lambda + API Gateway query pipeline that retrieves top-3 relevant documentation chunks via semantic similarity and generates responses using Claude via Amazon Bedrock; responses w/ <2 second latency
- Deployed chat interface with S3 + CloudFront; Secured backend with least-privilege IAM policies and monitored performance via CloudWatch

Portfolio website - aaronaltergott.cv

- Deployed a Windows XP–style portfolio website using HTML, CSS, and JavaScript
- Implemented interactive UI styling, efficient icon navigation, pdf download, backendless messaging system
- Hosted via GitHub Pages with static site deployment

Certifications

AWS Certified Cloud Practitioner (CLF-C02) - Expected Completion: April 2026

Education

California State University Long Beach, Long Beach CA **A**ug 2019 – Dec 2023

- BA in International Studies

Skills

Cloud: AWS (Lambda, S3, CloudFront, API Gateway, IAM, CloudWatch, Bedrock), Serverless Architecture, CLI
Programming fundamentals: Python, PowerShell, HTML, CSS
Networking: TCP/IP fundamentals, DNS, DHCP, VPN troubleshooting, Basic network diagnostics
Data / AI: Pinecone, Vector Databases, Retrieval-Augmented Generation (RAG), Semantic Search, Amazon Titan Embeddings v2, Prompt Engineering
Tools: GitHub, Linux (Ubuntu), VirtualBox/VMware
Business Tools: Excel, Sitelink ERP, Windows, Microsoft 365, AnyDesk, Google Workspace, SPSS, Canva
